Conference Theme

"How Do We End the Pain of Abortion?"

This is your opportunity to come together with women and men with similar vision, to learn about the abortion recovery movement in America and effective strategies to end the pain of abortion.

Hope for Life Conference

Hope in Healing - Thursday, April 16, 2009

Hear from national leaders of the abortion recovery movement.

Hope in Action - Friday, April 17, 2009

Equipping you to put your hope in action and activate to another level.

Hope for Life March and Rally - Saturday, April 18, 2009

Celebrate the April 18th, 2007 Supreme Court decision, which listened to women's voices, and acknowledged that "abortion causes depression and loss of self esteem."

We will march on Martin Luther King Drive to the *Doe v. Bolton* courthouse to remind the world that the Supreme Court on that day admitted abortion does cause severe depression and loss of esteem in women.

We also are working to get several governors to declare April Abortion Recovery Awareness Month and April 18th Hope for Life Day. We need to celebrate our victories and reaffirm Justice Kennedy's acknowledgment of the Operation Outcry women's testimonies.
